

# THE ADVENTURE BEGINS

## ABOUT THE ADVENTURE BEGINS

In 2018 we challenge your section to re-embed key elements of Scouting into your program. It's time for us to rejuvenate the way Scouting is delivered and prepare for the implementation of our new program from 2019.

The Adventure Begins is a way to reengage and ensure programs' are true to Scouting's core values.

## PLAN > DO > REVIEW >

The Lone Joeys have been deciding on what they want to do (eg night hike) and some of these ideas we are saving to use on our camp later in the year.

Everyone have been working on a Science experiment for Scouts in Action month. The Joeys and the Scouts of the Net have all chosen their own experiment and then have let us know what we need the week before. Together we have then done the experiment live for us to see.

We did things like:

- Colouring celery in dye
- Experimenting with Eggs in vinegar
- Making Balloons static so they float
- Creating home made volcano
- Growing Crystals
- and More!
